GETS TIP ON SUICIDE
FROM MOVIE FILM

Piano Teacher Would Emulate
"Madam Butterfly" But
Water Proves Cold.

ELKHART, Jan. 26.—Miss Martha Schneider, an Elkhart piano teacher, attempted suicide Wednesday noon while suffering from a temporary mental aberration. Last Saturday she saw a film portrayal of "Madam Butterfly" at a local theater and the picture of the little Japanese maiden stabbing herself with a knife and then seeking a watery grave made a lasting impression upon her. Wednesday she went to the banks of the Elkhart river and like the Japanese maiden she folded her hands across her breast and walked into the stream. She waded in neck deep and then screamed for help. When rescued she was in a semi-conscious condition but soon recovered after treatment at the General hospital.

With his skull fractured and suffering from internal injuries, J. Harold Appleman, 21 years old, a member of the Goshen high school graduating class of 1914, was found lying along the New York Central tracks in Goshen Tuesday night. He was hurried to the Goshen hospital where he died two hours later without regaining consciousness.

It is believed that young Appleman, who had been working in Cleveland, was heading his way back to Goshen to visit his grandmother, Mrs. Henry Spangler, with whom he had made his home during his school career. He evidently slipped in attempting to get off the train as it reached his destination.

The dead man is the son of Mr. and Mrs. Ira Appleman of near Stroh. The parents, three brothers and a sister survive.

"The city will pay no attention to the letter of Frank A. Bone of Cincinnati demanding a 10 per cent royalty on the cost of the E. Jackson st. retaining wall," declared J. B. Davidson, president of the board of works. "Mayor Smith said this would be his attitude," added the commissioner.

That royalty is being demanded by Bone, who has a patent on reinforced concrete wall construction, was made known Tuesday. The demand is to be referred to City Atty. Hall.

Creditors of Edward Goldstein, owner of the bankrupt Elkhart Cloak & Suit Co., that conducted similar stores in Mishawaka and Jackson, Wednesday elected David M. Hoover as trustee. A meeting was held in the office of Atty. E. B. Ziegler with Referee Sol A. Wood of Fort Wayne presiding.

The liabilities were found to be \$12,261.32 and the assets, \$2,680.38. Mr. Goldstein testified that he started in business 18 months ago with \$1,800 capital.

Mr. Ziegler, who represents a number of the creditors, said that the creditors would realize little if anything.

Escape Law.

News-Times Special Service:
CASSOPOLIS, Mich., Jan. 27.—Sheriff Reed has returned from Wayland, Mich., where he has been for the past few days following up various clues in connection with the Thornburg murder mystery. He obtained information of great value bearing on the past reputation of young Sylvester Thornburg who is accused of the murder of his aunt. His intimates that some startling disclosures regarding the youth's past actions will be made when the case comes up for trial.

Young Thornburg is still confined in the county jail here and continues to be cheerful and apparently disinterested in the outcome of the case. Only once had he made any reference to the trial and that was the other night when he asked his father where he would be sent, to Marquette or Jackson prison. He received the reply that innocent men were not sent to either. He replied, "Well, I guess they will send me to one of them anyway."

The youthful prisoner received a letter from his mother in which she advises him to stick to his story and pray for help and he will be released. He refuses to talk about the murder or his prospects.

Elmer E. Thornburg, husband of the murdered woman and uncle of the accused boy, has returned from Oxford, Ind., where his wife's body was taken for burial. He is a broken man physically, with nerves shattered as a result of the tragedy in his family. Although at first he refused to believe that his nephew could have committed the crime, he is now fully convinced that young Thornburg murdered his wife and is content to see the law take its own course. He has announced his intention of selling his farm and goods at auction and moving out of this section of the county.

CITY CALLED ON

Tag Day is Being Held to Se-
cure Funds For Suffer-
ers From War.

SAN FRANCISCO, Jan. 27.—San Francisco opened a campaign Wednesday night to raise \$250,000 within 24 hours for destitute Jews in the European war zone, with a mass meeting at the new Civic Exposition auditorium. Justice M. C. Sloss of the state supreme court presided.

Public men told of the urgent need which caused Prest Wilson to designate Thursday as Jewish relief day, and Gov. Hiram W. Johnson to urge Californians to aid the work.

Set aside by Pres't Woodrow Wilson as a day of benefit for Jewish war sufferers in Europe, over the country today efforts are being made to solicit funds for their kinsmen across the sea by Jews of America.

In South Bend, as in other cities of the United States, a fund will be raised by popular subscription, a tag day and personal solicitation. Men prominent in business and professional circles of the city are in charge of the canvass for funds to aid those who have lost home and kin through the frightful struggle across the sea. Young women of South Bend sold tags throughout the business district, and the thanks of the local central committee which planned the tag day has been extended in advance for the spirit its members feel South Bend will show.

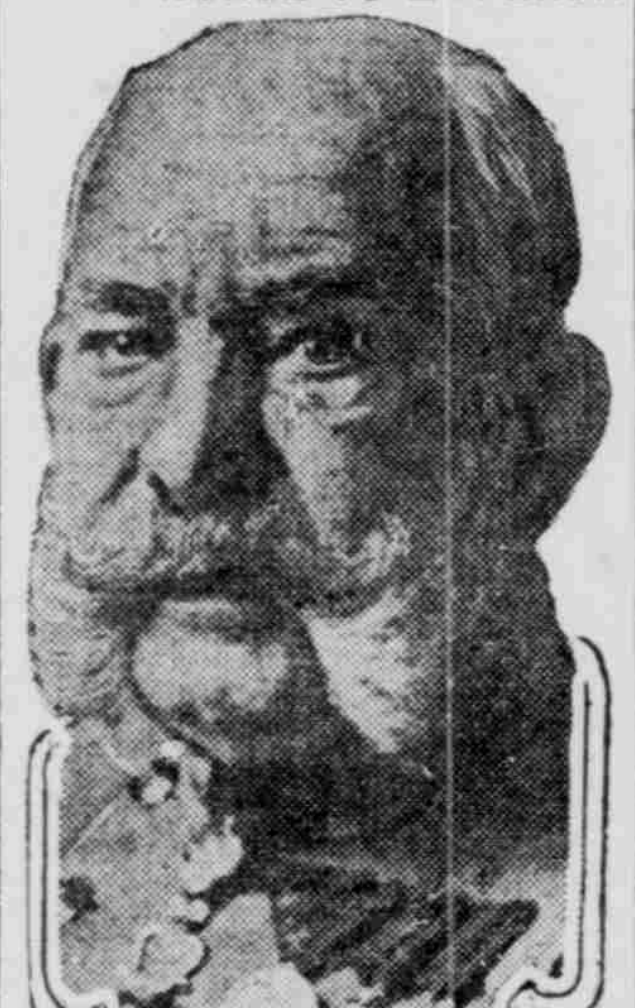

General Request Made

Ever since the war broke in serious proportions American Jews have been faithfully contributing to the relief of members of their race who were ground in the turmoil of the general struggle, oftentimes unjustly, oftentimes cruelly. Now a request is made for general aid from the American people, and from prospects the appeal will be answered in all parts of the country.

Final plans for the tag day were made at a meeting of the central committee Wednesday night. Mayor Keller's proclamation on the day follows:

"Whereas, the president of the United States in response to a resolution passed by the United States senate has set aside Thursday, Jan. 27, 1916, as the day upon which charitably inclined persons are urged to contribute through the American Jewish committee co-operating with the American Red Cross for the relief of stricken Jews in Europe they were made destitute by the war now raging, and
